

North Shore Neighborhood Board Legislative Report – July 2014

Representative Lauren Cheape Matsumoto

District 45 • Waialua, Mokolé'ia, Wheeler, Schofield, Kunia, Mililani •

Aloha Neighbors and Friends,

It seems that Summer just began and it's already Back To School season! I hope you have been able to enjoy a safe and healthy Summer so far.

I have been in direct and continuous communication with the Department of Education Facilities Management Office on the status of the Waialua Elementary School Library. I'm happy to report that electrical power will be turned on tomorrow, Wednesday, August 23, 2014. Although this is very close to the start of the school year, the facility will be in use this school year!

I'm also pleased to tell you that the many agencies involved in the Bike Path between Waialua Elementary School and Waialua High & Intermediate School are coming together to discuss the preliminary work required to begin this project. Our Bike Path is considered a high priority project for both the City & County of Honolulu and the State of Hawaii because of the increased safety the completed project will provide for our community.

Thank you to the community for bringing these situations to my attention and allowing me to make a difference for you!

If you have questions about anything that happens either in our community or at the Capitol, you can contact me by email at RepMatsumoto@Capitol.Hawaii.gov, or by telephone at **(808) 586-9490**, or by visiting the Capitol in Room 303. I always look forward to seeing you and hearing from you. Until next time, take good care and stay safe!

Mahalo,

Lauren Cheape Matsumoto
