## 2020 Legislative Issues Survey

Aloha Friends and Neighbors!

It's that time of year again when legislators are getting ready for the upcoming Legislative Session.

Each year, I conduct a Legislative Issues Survey to ask my community what they think about important issues before the state legislature.

I want to hear your feedback about what's important to you, what Legislation you think we should consider, and what priorities you have concerning the many issues that appear before the legislature each year.

### The Survey

Constituents will be receiving the survey by mail in the next couple weeks with instructions how to complete it and return it to my office.

If you haven't received one by mid-November, please contact my office!

### The Questions

Hearing from my community is one of the best ways I can represent you in the Legislature.

1. If you could introduce one bill to address a pressing issue this next legislative session, what would it be?

2. What is the most important issue for our community (District 45) that needs to be addressed?

3. What are the infrastructure improvements you feel are needed in our community?

4. What do you feel is the number one area that should be addressed in the 2020 session?

**I look forward to hearing from you about your priorities for making our community a better place. Please encourage your friends and family to complete the survey at [RepMatsumoto.com](http://RepMatsumoto.com)!**

## Community Updates

### Waialua Elementary Unified Champion School Award

Waialua Elementary School has had a huge year. Not only were they designated a Blue Ribbon School by the U.S. Department of Education for extraordinary work in closing student achievement gaps, but they also became the first elementary school in the State to become a Special Olympics National Unified Champion School.

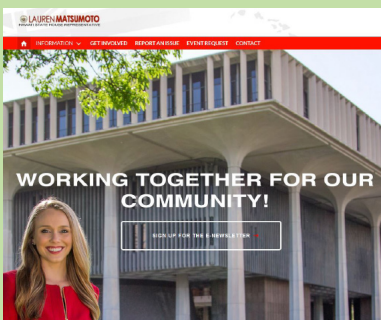

**Special Olympics**

They met 10 rigorous standards of excellence that demonstrate a commitment to inclusion, teamwork, engagement, and respect for all members of the student body and staff. Students with and without disabilities compete as teammates, lead advocacy efforts, and build awareness to promote inclusion among the entirety of the student body. Waialua Elementary School has taken its commitment to providing a quality education to the next level and is a shining model for the rest of the State!
